Product Description

Starfinder - Flip-Mat: Spaceship (DE)

Thrusters ready! Adventures between the stars require a sturdy ship to get you there. That's why this Starfinder Flip-Mat offers you two very different spaceships that you can control, research or ambush!

On one side of this lush, double-sided play mat is an elegant exploration ship, perfect for diplomats, mercenaries or other groups on long excursions into unknown star systems. On the other side is a military dropship that serves as an industrial freighter and offers your players a home base, an enemy stronghold or a mysterious wreck floating in the vacuum of space.

Don't waste time sketching, if you can already play. With the Starfinder Flip-Mat: Spaceship you are ready to set off for the stars!

Warning! Not suitable for children under 36 months.
