Product Description

Torg Eternity - The Living Land, source book (DE)

The Living Land is ruled by the High Lord Baruk Kaah and his army of reptilian Edeinos. It has spread to both coasts of the United States and the Yucatán Peninsula in Mexico, as well as the mysterious White Zone in Canada.

Where the Living Land rules, miraculous spiritual powers are available, yes normal technology fails and rots quickly. Ordinary people and even some heroes are subjected to a transformation and succumb to their original passions.

But despite all the dangers of the Living Land, there are amazing possibilities here. The law of miracles ensures that ancient treasures reappear in the misty and unexplored jungles. These can be treasures that disappeared from Earth a long time ago, but also relics that come from other cosms that were destroyed by the High Lords. But no matter where they originally come from, they appear here and now, just waiting to be discovered by daring adventurers.
