Product Description

DSA - Aventurian Armory 2, paperback (DE), 160 pages, 2nd revised edition

Whether sacred ceremonial objects, a protective chain mail or a barbed arrow - in many Situations, a hero needs the right equipment.

The Aventurian Armory II contains descriptions of dozens of useful pieces of equipment, weapons, armor and helmets for the adventurer. Numerous useful items of equipment are presented for traveling heroes, such as the Great Aventurian Atlas, tools for the precision mechanic, or improvised weapons such as the sledgehammer.

The Aventurian Armory II supplements the set of rules with other Aventurian weapons such as the brute corset, the dwarf dragon slayer or the elegant Kusliker saber. The arsenal of weapons

is complemented by a large selection of armor, helmets and armor parts, such as the Gareth plate, the elven mammoth tank or the legendary winged helmet.

In addition to the items of equipment, this volume also includes items Supplementary focus rules, weapon properties, different types of ammunition, weapons from large and giant humanoids and the use of long-range weapons in close combat.

All objects are not only described, but are provided with all relevant play values ??and are given a colored illustration around them at the gaming table.

Warning!Not suitable for children under 36 months.

The set of rules is required!
