Product Description

Margreve (5E) - player's manual, paperback (DE), 60 pages

The forest called "Alter Margreve" was old when many of the gods were still young. Kingdoms rise and crumble outside the boundaries of this forest, but the forest itself is its own independent kingdom, untouched by the changes in the world. It is a place where memories and ancient magic lie dormant in circles of trees. Where there are numerous secrets to fathom and treasures to discover.

The Margreve player's manual for "5e" gives you everything you need as a player to travel the deep, dark areas of the Margreve - And come out alive again. The content includes:

- Three new playable races from the deep forest: Alseide, Erina and Harzlinge
- New ancient paths for barbarians and bearlings
- Forest-based Class options for clerics, druids, rangers, villains, magicians and warlocks
- 13 new animal companions
- 6 new talents and a new background for forest dwellers
- 45 new spells
- New magical items

On a total of 60 pages you will find everything that is indispensable for a visit to Old Margreve.

Warning! Not suitable for children under 36 months.
