### Product Description

HeXXen 1733: Archive of the Wächterbund 4, 120 pages (DE extension)

For the fourth time now, all possible contributions from the dazzling world of HeXXen 1733 are summarized in this volume, interesting for players and game masters alike. With "The King of the Lake" the archive of the Guardian Association 4 offers a new, spooky adventure, has suggestions and ideas for treasure hunts, illuminates the historical background of the Holy Roman Empire, offers two new spiritual professions with the Conversation and the Consecrator with the court jester of the devil presents a new kind of monster and skillfully stages the Persian ghouls.

Attention! Not suitable for children under 36 months.

- Language: German
- Number of pages: 120
