Product Description

HeXXen 1733: Secret of the Islands, 128 pages (DE extension)

In this campaign volume, the hunters sail back and forth across the Aegean Sea, on the trail of an ancient treasure of the Knights Templar. The hunters encounter cruel opponents like the terrifying corsair Feysal Bey or the cold-blooded Venetian governor Cosimo Calergi. You stop at different islands like Cyprus or Crete and get to deal with all kinds of creatures of the night. The Secret of the Islands is a sandbox campaign that is well suited to be expanded and expanded with the help of information from Mare Monstrum and Mare Monstrum Obscura.

Attention! Not suitable for children under 36 months.

- Language: German
- Number of pages: 128
