Product Description

DSA5: The Heroes' Breviary of the Suncoast - Book, Plastic Cover (DE Edition)

The famous guardian of the law, Zamperi, is dead. When the corpse of the famous bloodhound, who has delivered countless criminals to justice over the years, is found in Drôl, the outlaw Griffone Tarsis sees himself as the victim of an intrigue: someone wants to frame him for the murder. Together with the busy Aves devotee Isendrea of Teremon, he begins to investigate on his own.

The two investigators not only have to deal with Zamperi's former pupil, the merciless guardian of the law Lucara von Kelb, but also discover that the intrigue into which they have unwittingly fallen is spreading ever wider. The search for the truth leads them to the Cyclops Islands and finally to the eerie Loch Harodrôl. The journey is not lacking in danger: amorous trysts, secret duels and roguish bandits are Griffone's speciality, after all.
