Manufacturer: Ulisses Spiele

### Product Description

Deadlands: The Weird West - Horror at Headstone Hill, Box (DE edition).

A sharp wind rushes through the frosty sagebrush. Razor-sharp clouds pass before a brilliant white moon. In the quivering aspens of the foothills, a trembling clatter beckons the traveller with its siren song. Danger lurks everywhere, not just in secret. Welcome to the territory of Wyoming, amigo! This is a place full of wonder and beauty, but not for the faint-hearted.

Horror at Headstone Hill is a sandbox campaign that details this small section of the Eerie West. As the heroes unravel the main plot of the campaign, they are drawn into all sorts of exciting adventures in and around Uinta County, Wyoming.

This boxed set includes a handy player booklet, a 128-page Marshal's book, a double-sided map and detailed player materials.

- Type: Box
- Language: German
- Contents: Booklet for the players, 128-page book of the marshal, double-sided map, detailed player documentation
