### Product Description

#### Earthdawn - Game Master's Guide, Paperback (DE Edition)

For centuries, the eponymous peoples were forced to endure in underground kaers while demons ravaged their world. But the Age of Plague is coming to an end and heroes are rising to reclaim their place in the world and forge their own legends.

They find a ruined world where demons and creatures corrupted by them still dwell in the ruins of destroyed cities. The peoples of Barsaive must reclaim their land, rebuild their cultures and face a land of wonder and danger. A world full of forgotten secrets, hidden treasures, mysterious magic and countless adventures.

The heroes of these days are adepts, powerful magic users who are able to shape the forces of the world and focus them in the disciplines they follow. They fight the nameless terrors of a changed world full of dangers, mysteries and sunken treasures.

Join them and perpetuate your own history in the Age of Legends!

This Game Master's Guide contains all the information you need to create adventures in the world of Earthdawn as a Game Master:

- Dive into the tragic history of Barsaive. A region ravaged by demons and invaders, but whose inhabitants still proudly defend their freedom
- Learn more about running campaigns and adventures in the world of Earthdawn. Challenge player characters with perilous journeys and varied encounters with forces of nature, traps and dangerous creatures
- Well over 100 monsters, beasts, dragons, ghosts and demons are waiting to complicate the lives of the player characters
- Learn more about thread items and use dozens of examples to reward the heroes for passing dangers

Caution. Warning: Not suitable for children under 3 years. Choking hazard due to small parts that may be swallowed.

- Type: Game Master's Handbook
- Language: German
- Number of pages: 213
