

Item no.: 368813

TAPWP2022 - Speedpaint "Cloudburst Blue", 18ml

from **2,87 EUR**

Item no.: 368813
shipping weight: 0.10 kg
Manufacturer: Army Painter

Product Description

Speedpaint is a true one-coat painting solution. Simply apply a rich coat of Speedpaint directly onto a primed miniature and you're done! Speedpaint leaves intense shading, vibrant colours and a light effect on this part of the model in a single application.

It flows perfectly over your miniatures and creates an unparalleled painting solution so you have more time to play.

SPEEDPAINT

- Single layer painting solution
- Even flow of paint across all colours
- Perfect contrast
- Intensive shading and highlighting effect
- 23 unique colours
- Leak-proof 18 ml dropper bottles
- Speedpaint Medium comes in our specially designed leak-proof dropper bottle and is already loaded with two steel mixing balls. Application couldn't be easier

SPEEDPAINT MEDIUM

- Dilute your own Speedpaint
- One-coat paint solution
- Create shading and highlighting effects
- 18ml leak proof dropper bottle
- Pre-filled with 2 steel mixing balls

Caution! Not suitable for children under 36 months.
