Product Description

You can experience life under the sea up close at the local aquarium. With all sorts of weird and wonderful species to see up close, it's a magical adventure for adults and children alike. In the sea tunnel, Grandma and Grandpa Wasgij can walk alongside tropical fish and turtles and even see a mermaid! But did a creature get too close? Use your imagination and the clues on the box to find out what will happen next. This is the scene you have to puzzle. Wasgij Original is a puzzle concept where you have to use your imagination and the clues on the box to piece together what not you, but the characters on the box see! The finished puzzle measures approximately 68 x 49 cm and is made from high-quality, 100% recycled cardboard using precise die-cutting techniques to ensure that each puzzle piece retains its original shape time and time again. So why is Wasgij so popular? With conventional jigsaw puzzles, you build exactly the picture that is shown on the box. With Wasgij, you have to build a picture that is different from the one on the box. Although we give a few hints, Wasgij challenges your imagination. Together with the great drawings and pictorial humour, it's no wonder that Wasgij has topped the puzzle game charts for many years. 12+ years Contents 1 puzzle, 1 hints flyer Product details EAN: 8710126000205 Product dimensions: 37x27x7 Material: - Cardboard Made in: Netherlands
