from **116,62 EUR**

Item no.: 368737
shipping weight: 6.50 kg
Manufacturer: Army Painter

Product Description

GAMEMASTER: Terrain Sprays is the ultimate foundation for building terrain and landscapes. The high-quality water-based sealer and primer has a matt finish, is non-toxic, odourless and therefore safe to use and will not affect your building materials - even if you are using XPS foam, polystyrene or MDF boards. Apply several thin coats and allow to dry for at least 1 hour before continuing work on your terrain. The primer covers a solid range of colours that will satisfy most of your hobby terrain building needs. With this set, you can be sure to get a simple and perfect coverage with a flat, matte finish while keeping all the details intact. The GAMEMASTER Terrain Sprays make it possible to build any type of RPG or wargaming terrain faster and easier - great value for money that also saves you time!
