Product Description

DSA - map set: The Seven Wind Coast (DE)

The windswept shores of the Seven Wind Coast are the home of ancient nobility, indomitable clan warriors, wandering magical bards but also powerful fairies that emerged from the hidden otherworldly influence the fate of mortals. This map set brings the two provinces in the west of the Middle Kingdom to your gaming table in large format. Whether as a reference for the master or as a handout directly for the players.

The maps provide a detailed overview of Alberrnia and the Windhag, matching the regional game aid The Seven Wind Coast. In addition to the OutGame map, an overview map of the geographical regions and a political map, the map set also contains an atmospheric in-game map of the Seven Wind Coast, as it could be available to your heroes within the game world.

All maps included have been completely redesigned. The OutGame cards are also laminated to a high quality. In addition to more than ten maps and city maps, the set contains a double-sided A1 poster with the cover motifs of the Spielhilfe and the armory of the Seven Wind Coast.

Attention! Not suitable for children under 36 months.

The set of rules is required!
