shipping weight: 0.10 kg
Manufacturer: Ulisses Spiele

Product Description

Nothing could be further from our minds than simply riding on the coat-tails of any trend with our great "Goblins Eat Babies" books. So here's an original scenario that's not at all based on a successful novel or TV series. The seven cave kingdoms are plunged into chaos and bloodshed as the tribes fight over the throne! Can you and your tribal goblins gather the mystical ingredients to brew the soup of ice and fire? Mealtime is approaching!
