Product Description

A mountain tribe and raiding party, Tyrion Lannister's Rock Crows are a rather primitive bunch, but they are characterised by their unexpectedly high level of loyalty. Although they are more beholden to his purse than to Tyrion personally, they have always kept their word, even when betrayal would have been a more lucrative option. As mercenaries, these troops are worth the money, especially when used as scouts or on the flank. Due to their light armament and armour, they are not suitable for use on the front line in a protracted battle. The neutral unit expansion A Song of Ice & Fire - Stony Stone Crows brings a total of 12 miniatures to the popular world of the epic tabletop game. Included are twelve Stony Stone Crows as well as two unit cards and a movement board. A Song of Ice & Fire starter set is required to play this expansion.
