📄 Product Description

The "Puzzle Mates Portapuzzle" product range includes sturdy puzzle bases and inserts that ensure that all puzzle pieces remain in the desired position in the closed Portapuzzle folder. The special coating of the Portapuzzle products prevents the puzzle pieces from shifting and thus serves as an ideal puzzle base. The lightweight and hard-wearing Portapuzzle is easy to take with you and store away so that it always looks neat and tidy in your home. When you want to do a puzzle, place the puzzle on the centre mat. You can use the side mats and the loose mat to sort the pieces. If you want to put the puzzle away, place the loose mat on the puzzle, remove the pieces from the side mats and place the side mats on the centre mat. Then attach the nylon hook and close the folder with the straps at the top and bottom. You can now take the puzzle with you or put it aside until you want to continue puzzling - and all this without the pieces shifting. The "Standard Portapuzzle 1000" is suitable for most standard puzzles with 1000 pieces (approx. 68 x 49 cm).12+ yearsContentsThe product range "PuzzleProduct detailsEAN: 8710126107157Product dimensions: 57.8x80.7x1.9Material: - CardboardMade in: ChinaSpecial features Porta Puzzle up to 1000 pieces- QUICKLY STORED: The Jumbo Porta Puzzle mat is a high-quality puzzle mat that can be easily folded up to conveniently store and put away your puzzle-PUZZLESPASS: The Jumbo Puzzle mat is suitable for puzzles up to 1500 pieces and is particularly light and stable - ideal for transport- UNIVERSAL: The H * L - 80.6 x 57.9 cm portapuzzle mat can be used by adults and children aged 3 and over - whether at home or on the go- THE IDEAL GIFT: The jumbo puzzle mat "Puzzle Mates" is the ideal gift for birthdays and holidays - for true puzzle fans
