**Product Description**

GOULA 3 Little Pigs Memo & Lotto The 3 Little Pigs Memo & Lotto by Goula is an educational preschool game for children aged 2 and over. Play with the three little pigs and the wolf in the mode of your choice: Memo and Lotto. How to play: Lotto: Each player chooses a game board and assembles it by putting the two pieces together. The wooden tiles are shuffled and placed face down so that the players can take it in turns to turn over one of the tiles at random. If the tile contains an element that matches an element on your board, place it on your board and continue flipping the tiles. The first player to complete their board is the winner! Memo: No boards are used in this game mode. To play, we shuffle the wooden tiles from the educational game and place them face down in front of us. Each player turns over two tiles in turn. If they match, they keep them and continue playing. If they don't match, they turn them over again and try to memorise their position. Will they manage to remember them? The game ends when there are no more tiles left to turn - the player with the most pairs is the winner! The Jumbodiset Group is very environmentally conscious. By paying attention to the materials, the production and the people, we try to take small steps to make the world a better place. At Goula, we attach great importance to the quality of our games, which is why we treat the contents with great care. We want this quality to be reflected in the materials we use, which is why we manufacture the majority of our games locally, in Talleres Galindo in Barcelona. All our products are designed and manufactured with the highest quality, using plantation wood and sustainable use, colours and varnishes that are free of toxicity. 2-4 Players 10 min 2+ years Contents Play with the three little pigs and the wolf in the mode of your choice: Memo and Lotto.
