With this puzzle glue you can glue all the puzzle pieces together so that you can then hang or frame the puzzle. Then everyone can enjoy the finished puzzle. The puzzle glue should preferably be used by adults or older teenagers who have already worked with glue and fixatives several times. One pack of puzzle glue is enough to glue together two standard puzzles with 1000 pieces each (approx. 68 x 49 cm). A great idea for every puzzle lover! The glue lasts a long time, does not damage the puzzle and does not come loose when applied to the puzzle pieces. You can be sure that your puzzle will be securely and effectively fixed with this adhesive. The glue comes in a practical container with an extended applicator, which makes it easier to apply the glue without it dripping. The container has a practical format for easy storage.
