Product Description

Star Wars: Legion Mountain Troopers "Intruders on the vehicle! Swarm and eliminate!" Mountain Troopers are specialised stormtroopers sent across the galaxy to frontier worlds that have recently fallen under Imperial control... The Mountain Trooper expansion for Star Wars™: Legion brings fearsome Imperial Range Troopers to your game. The seven highly detailed miniatures charge into the thick of battle, deploying their powerful E-10R Blaster Rifles and providing you with a new and robust Imperial support option. The Mountain Troopers are trained to operate in different climates and terrains and have specialised equipment, such as heavy magnetic boots. Even more important than good equipment, however, are courage, toughness and tenacity, which is why only a few veterans make it into the ranks of the mountain troops. The mountain troops are often used to put down uprisings and rebellions by hostile civilians with little or no support. This expansion for Star Wars™: Legion contains 7 highly detailed mountain trooper miniatures as well as new unit and upgrade cards. A Star Wars: Legion base game is required to play.
