Product Description

A wooden house designed to help children learn and organise their daily routine. Children learn the daily routine and their responsibilities. Choose the routines you want to do at a certain time of day, e.g. the way to school, and hang the routine cards on the wooden pegs of the house in the correct order. The rest stays in your pocket. Once a task is done, turn the card over. Hang the weather cards on the wooden peg on the chimney, check what the weather is like at the moment and hang the corresponding card in front of it. Use the chalk to write the day of the week or the child's name on the board. You can erase them again with a damp cloth. Product details- EAN: 8410446002339- 2+ years- Made in: China
