Product Description

"An abysmally vicious selection": Recruit your own villains for your games of Marvel: Crisis Protocol with the Electro, Sandman, Shocker & Vulture Character Pack. In this pack you'll find highly detailed miniatures for Electro, Sandman, Shocker and Vulture as well as matching stats cards and team tactics cards. Are you ready to cause chaos with these four villains? With the Electro, Sandman, Shocker & Vulture Character Pack for the miniatures game Marvel: Crisis Protocol, you can add four exciting characters to your team. Many villains have stood in Spider-Man's way, but few are as scary as the villains in this pack. Adrian Toomes, alias "Vulture", plunges into battle in an electronic bird suit and embarks on a crime spree that only the friendly neighbourhood spider can stop. Former common criminal Herman Schultz, aka "Shocker", has used his technical know-how to develop gloves that make him a shocking threat to anything that gets in his way. Max Dillon, aka "Electro", uses his electrical powers to zip uncontrollably through the city. Flint Marko's body has been inseparably bonded with irradiated sand, giving him the ability to change his size, shape and strength as the "Sandman". Alone they are terrifying, but together they pose an undeniably sinister threat... A base game of Marvel: Crisis Protocol is required to play.
