59348 - Discover the human body

from **10,09 EUR**

Item no.: 378495
 shipping weight: 1.30 kg
 Manufacturer: Clementoni

Product Description

A great science classic revisited with a modern, interactive and engaging approach. A fantastic game to understand the anatomy of the human body easily and quickly. Skeleton and organs to assemble, rows of teeth to reconstruct and many activities to explore the 5 senses. A dedicated interactive app allows you to explore the main structures of the human body through augmented reality and learn lots of information and curious facts. AR mode: Scan the QR codes included in the set and discover the secrets of human anatomy thanks to augmented reality. Exploration mode: View 3D models of key anatomical structures that you can zoom in on and rotate to understand how they work. Quiz cards and mix cards: interactive games and fun quizzes to test yourself and become an anatomy genius! Conceived, designed and developed in Italy. Recommended age 8+.
