from **25,96 EUR**

Item no.: 379693
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

Supplementary plastic organiser set for the Feldherr foam set for Gloomhaven (CE01Set) for sorting the cards - Suitable for cards with protective sleeves. Gloomhaven is truly epic gaming fun. And that doesn't just apply to the campaigns. With almost 10 kg of game material, it's easy to lose track of things. It's a good thing that this set of plastic card holders keeps everything organised without making it unnecessarily heavy. A real relief. You always have an overview, are ready to play faster and can save your energy for the really important tasks. - This Feldherr organiser set turns the "Feldherr foam set for Gloomhaven" (CE01Set) into the "Feldherr foam set + card holder for Gloomhaven" (ORG058). - It replaces the foam mat with 12 compartments for sheets and cards (CEMEGY080BO) in the "Feldherr foam set for Gloomhaven - board game box". - Compatible with the first, second, third and fourth editions. - The individually removable plastic card holders help you to sort the cards, envelopes and counters. - All cards also fit with protective sleeves. Compatible with premium card sleeves. The character folding boxes are stored next to the foam inserts (see illustration). - Finally, place larger game components such as the map boards, rulebook and scenario book on top of the foam lid. - Together with the foam inserts, the lid of the board game box protrudes approx. 1 cm. - transport and tip-proof - can be stored vertically - "Ready to use" - no assembly required. The set consists of: - 1 plastic card holder for small playing cards (e.g. monster skill cards, attack modifier cards) - 1 plastic card holder for large playing cards (e.g. event cards and counters). e.g. event cards and counters - 1 plastic tray for monster value cards and sleeves - 1 plastic tray for other game material (e.g. stand-up counters, area markers). As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted. - thermoplastic - no assembly required - ready to play - 3D printed in Germany
