Product Description

Item no.: 300053582 Item description: Tyre insert 24mm Medium/Green (2) These are rubber tyre inserts designed for 24 mm wheels. They come in pairs and the green colour easily identifies the insert as medium hardness. Internally moulded for medium narrow tyres. Medium hardness adjustment between soft and hard available separately. Used in combination with medium narrow tyres and wheels. Note: The firmer the insert, the less traction your tyre will provide. The softer the insert, the more traction you get out of your tyres, but they also wear out faster. 2x tyre inserts medium Caution! Not suitable for children under 14 years of age.
