Product Description

Item no.: 300056335 Description: 1:14 RC Mercedes Benz Actros 1851 GigaSpace Truck of the Year 2012 The TAMIYA Mercedes-Benz Actros 1851 GigaSpace is a perfect replica of the Truck of the Year 2012. The 1:14 scale model shows the high-roof version of the 510 hp top version of the world's largest truck manufacturer. Chrome-plated components, such as the mighty Mercedes star, give the 458 mm long and approximately 3 kg heavy kit its true-to-life appearance. Particularly striking on the latest addition to TAMIYA's unsurpassed truck series are the illuminated position lights, chrome-plated fanfares and wide tyres as standard. Other new details such as two additional blind spot mirrors and the finely reproduced fuel tanks characterise the prototypical appearance. Thanks to its powerful electric motor, which transmits its torque to the rear axle via a shiftable 3-speed manual gearbox, impressive combinations can be put together. The prototypical fifth wheel plate of the remote-controlled model allows it to be coupled with numerous TAMIYA and CARSON-MODEL SPORT trailers. With the optionally available multifunctional unit, the TAMIYA Mercedes-Benz Actros simulates almost all the sound and light functions of its great role model, the king of the roads. Technical data Length 458 mm Width 195 mm Height 305 mm Weight approx. 3000 g Scope of delivery Mercedes-Benz Actros 1851 GigaSpace Model kit, ABS plastic body series with aero package, aluminium ladder frame, 1 driven rear axle, 3-speed manual gearbox, chrome-plated rims, instructions, 540 electric motor, Warnings Before you start assembling, you should have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Caution! Not suitable for children under 14 years of age.
