### Product Description

Item no.: 300058723 Item description: 1:10 RC Fiat 131 Abarth Olio Fiat MF-01X The Fiat 131 Abarth Rally was derived from the Fiat 131 Mirafiori and celebrated its debut in 1976 and won rally championships in 1977 and 1978. The TAMIYA MF-01X chassis has four-wheel drive and rally block tyres with good grip. The independent wheel suspension and the closed drive via a cardan shaft make this the perfect basis for the Ford Escort and ready for RC rally feeling! Required accessories: Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger 4WD kit model, MF-01X chassis, Elect. Speed controller, 540 torque-tuned electric motor, polycarbonate body with add-on parts, rally block tyres, suspension struts, independent suspension, frame chassis, wheelbase 239mm, light inserts, instructions ATTENTION! You should read and understand all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Caution! Not suitable for children under 14 years of age.
