shipping weight: 0.40 kg
Manufacturer: TAMIYA

Product Description

Item no.: 300056354 Description: 1:14 RC MB Actros 3363 Pearl Blue pre With the Mercedes-Benz Actros 3363 6x4 GigaSpace, TAMIYA is expanding its RC truck series with another German 3-axle tractor unit. The 538 mm long and approximately 3 kg heavy kit model can be used to assemble impressive combinations. The proven and robust Tamiya truck technology can be found under the cab, which can be tilted forwards. A powerful electric motor transmits its power to the two rear axles via a shifttable 3-speed gearbox. A detailed aluminium ladder frame gives the model the necessary stability and flexibility. Thanks to its high dead weight and a fifth-wheel plate, the Mercedes-Benz Actros 3363 can be coupled with numerous TAMIYA and CARSON-MODEL SPORT trailers. With the optionally available multifunctional unit, almost all sound and light functions of the original can be simulated. The original is powered by a 15.6-litre in-line 6-cylinder diesel engine (Euro 6 Bluetec) with 463 kW (630 hp) and can transport loads of up to 250 tonnes. The Mercedes-Benz Actros 2 made its debut in 2011 and was voted "Truck of the Year" in 2012. Required accessories 6-channel remote control (recommended Carson Reflex Stick), 1x steering servo, 1x switching servo, rechargeable battery, charger, batteries for transmitter. The TAMIYA multifunctional unit MFC-03 (300056523) is recommended as an option for operation. Mercedes-Benz Actros 3363 GigaSpace model kit, pre-painted ABS plastic body with aero package, aluminium ladder frame, 2 driven rear axles, 3-speed manual gearbox, chrome-plated rims, instructions, 540 electric motor, matching LEDs (3mm white) for lamp brackets:- Top: 1x 317175097 (2) 3x 307175099 (1) Bottom: 2x 317175097 (2) Warnings You should read and understand all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Product details Technical details:- Pre-painted cab and body parts in blue pearl effect (TS-89)- Detailed replica of the pressurised air tanks and battery box- Detailed replica of the fuel and AdBlue tanks- Detailed replica of the catwalk with photo-etched parts- Exhaust replica with integrated stowage compartment- Compressed air fanfares chrome-plated Chrome-plated compressed air fanfares- Roof lamp bracket (lighting can be retrofitted with LEDs 1x 317175097 (2s) + 3x 307175099 (1s)- Bumper lamp bracket (lighting can be retrofitted with LEDs 2x 317175097 (2s)- Side marker lights (lighting can be retrofitted with LEDs (3mm))- Aerodynamic replica of the bumper (lighting can be retrofitted with LEDs 2x 317175097 (2s)) Aerodynamic and replica chrome package with bumpbar- True-to-original 2-axle drive- ABS injection-moulded body- Tilttable cab (forwards)- True-to-original interior- Removable mudguard half-shells- Aluminium ladder frame with plastic connectors- Rear axle with metal cone wheels Rear axle with metal bevel wheels- Metal bevel gear differential- 3-speed manual gearbox- Saddle plate (suitable for all Tamiya and Carson trailers)- Leaf spring packs with shock absorbers on front and rear axle- Aluminium front axle- Aluminium drive shafts- Electric motor type 540- Dim.Length 538 mm, width 195 mm, height 305 mm- Scale 1:14
