Product Description

The Manta Ray 2018 is the reissue of the legendary 58087 from 1990. The model has 4WD all-wheel drive, 2 cone differentials, polycarbonate body and independent suspension. A range of tuning parts are available for this kit, e.g. 300053070 ball diff, 300053791 universal shafts. The kit includes the electric motor (540) and the electronic speed controller. Required accessories: Remote control with receiver, steering servo, battery, charger, body colour. 4WD Kit model, unpainted polycarbonate body, electric speed controller, 540 motor, encapsulated drive, instructions. **WARNINGS:** Make sure you have read and understood all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. **Caution!** Not suitable for children under 14 years of age.
