Product Description

Item no.: 300060323 Item no.: 1:32 P-51D / K Mustang Pacific The stand model is a replica of the P-51D K Mustang Pacific. The P-51D Mustang included advanced features such as a laminar flow wing and an efficient radiator design. The P-51D came standard with a standard Hamilton propeller, but the lack of propellers led to the installation of Aeroproducts propellers on some P-51Ds built at the North American factory in Dallas. These were identified by the designation P-51K. Most P-51Ks served in combat in the Pacific, although some were also sent to Europe. Kit model, scale 1:32, instructions, 1 figure, decals, removable engine cowling, wingspan 354 mm, length 308 mm. Caution! Not suitable for children under 14 years. Product details - Detailed model kit in 1:32 scale - The high-quality kit from TAMIYA must be assembled by the customer. - The model must be assembled by the customer. The self-assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery. - Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to own ideas. - Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
