Product Description

Item no.: 300060312 Item no.: 1:32 Bo.F-15E Strike Eagle Bunker Buster The stand model is a replica of the Boeing F-15E Strike Eagle. The Douglas F-15 Eagle is considered one of the most powerful twin-engine air superiority fighters in the world today. Since its maiden flight in July 1972, this record-breaking Mach 2.5 fighter has been a benchmark for jet fighter design. In the early 1980s, the Air Force asked McDonnell Douglas to convert its F-15 fighter into a twin-role aircraft, known as the F-15E "Strike Eagle", to be used as an air-to-air fighter as well as for ground attack missions. This new version is designed to penetrate deep into enemy territory unescorted and strike military targets with pinpoint accuracy. Kit model, scale 1:32, instructions, 1 figure, decals, movable canopy & air brakes, wingspan 404 mm, length 600 mm. Caution: Not suitable for children under 14 years of age. Product details- Detailed 1:32 scale model kit- The high-quality kit from TAMIYA must be assembled by the user.- The model is self-assembly with the aid of a self-assembly instruction manual. The self-assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery.- The precisely fitting individual parts must be assembled on the basis of the assembly instructions. The parts can be painted according to own ideas.- Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
