shipping weight: 0.10 kg
Manufacturer: TAMIYA

Product Description

The stand model is a 1:24 scale replica of a Mercedes-Benz 300 SL. The iconic sports car was produced in 1954. Thanks to the transparent body parts, the mechanisms of the vehicle can be seen perfectly. For example, you can take a look at the lattice frame and the engine. The bonnet and the gullwing doors can be displayed open and closed. Kit model, scale 1:24, Transparent bodywork, Faithful replica of the original engine. Caution! Not suitable for children under 14 years of age. Product details: - Kit model on a scale of 1:24- Length: 188mm, width: 75mm, height: 53mm- Body made of transparent plastic- The timelessly elegant shape of this classic car is faithfully reproduced in the model.- The bonnet and gull-wing doors are made of transparent plastic. The bonnet and gullwing doors can be opened. The doors can be locked in the open position with a small strut.- The highly detailed engine is concealed under the bonnet and the bonnet can also be locked in the open position.- The complex tubular lattice frame - one of the highlights of the 300SL - has been reproduced true to detail.- The front air intake and exhaust system have been reproduced in detail. Nylon grille is included to detail the front air intake.- Many chrome parts e.g. trim strips, bumpers and more are included in the kit.- Includes masking tape for the windows and metal transfers decor (mirror surfaces, emblems).- Faithful reproduction of the tyres- Tools and paints are required for assembly (available separately).
