Product Description

Item no.: 510004713 Designation: 1:12 Bugatti 35B Roadster The Bugatti Type 35 is an icon and one of the most important vehicles in the history of motorsport. Ettore Bugatti's masterpiece is a unique blend of engineering expertise, design, elegance, lightness and speed. It was built in the 1920s and won an incredible number of victories in races on roads and tracks. It was designed specifically for competition and equipped with technical and mechanical solutions that were ideally suited to the racetracks of its time. Visually, it stood out with its unmistakable horseshoe-shaped radiator, the trademark of the car manufacturer Bugatti. Thanks to the 2,263 cm³ 8-cylinder engine, which was equipped with a mechanical four-speed gearbox and a displacement compressor, the Bugatti Type 35B reached top speeds of 210 km/h. The Bugatti 35C in particular, with its perfect balance of performance, handling and roadholding, can be regarded as one of the best "Type 35s" ever built.
