Product Description

Item no.: 510004712 Item no.: 1:12 Lancia DELTA 16VHF integ Sanremo'89 The sports version of the Lancia Delta road model - the "HF" 4WD - is a rally car icon. The Delta HF was produced in the second half of the 1980s and took part in the World Rally Championship from 1987 to 1988, winning two world championship titles and finishing first in numerous races such as the prestigious Monte Carlo and Sanremo rallies. Its further development, the Lancia Delta Integrale, took part in competitions until 1993, winning five more world championship titles and consolidating the Italian company's track record in off-road racing. In addition to many aesthetic details that made it more muscular, such as enlarged wings and new air intakes on the bonnet, the technology and engine of the HF Integrale were also improved. The output of the 1995 cc turbo engine was increased to 185 hp. The Lancia Delta Integrale dominated the World Rally Championship in the 1980s and early 1990s and led many famous drivers such as Miki Biasion, Didier Auriol and Juha Kankkunen to victory. Detailed plastic model kit Caution! Not suitable for children under 3 years. Choking hazard due to small parts.
