from **129,65 EUR**

Item no.: 390581  
shipping weight: 1.00 kg  
Manufacturer: TAMIYA

### Product Description

The fourth generation Supra (JAZ80) was announced in 1980 as Toyota's flagship sports car. Its top-of-the-range RZ model featured a 3-litre inline six-cylinder biturbo engine with 280 hp, a 6-speed gearbox, double wishbone suspension and ventilated front and rear disc brakes. The muscular shape and first-class performance fascinated fans all over the world and achieved success in motorsport races. The TAMIYA BT-01 chassis is a beginner-friendly chassis that offers 6 different drive and chassis variations. The wheelbase can be built in 257mm and 251mm. Furthermore, the chassis is based on the drive systems of real cars and can be built as front-engine or mid-engine with front-wheel drive or rear-wheel drive. The enclosed body is unpainted. Required accessories: Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger, paint for body 2WD kit model, BT-01 chassis, Elect. Speed controller, 540 motor, unpainted polycarbonate body series with add-on parts, suspension struts, independent suspension, tread tyres, instructions. **ATTENTION!** You should read and understand all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. **Caution!** Not suitable for children under 14 years of age. Product details: - 1/10 scale kit model - Length: 397mm, width: 185mm, wheelbase: 257mm - Beginner-friendly BT-01 2WD chassis - 2 wheelbases can be built (257mm and 251mm) - Freely selectable drive concepts: - Front or rear-wheel drive - Front (FR) or mid-engine (MR) - Independent suspension on all four wheels - Easily accessible transmission units, engine and suspension for quick conversion and maintenance. - Electronic speed controller included - Detailed polycarbonate body (unpainted) with add-on parts - Many optional tuning parts available
