shipping weight: 1.00 kg
Manufacturer: TAMIYA

Product Description

TAMIYA presents the Citroen DS on the MB-01 chassis. The DS made its debut in 1955 and caused quite a stir at the time with its unusual design. By 1975, 1.45 million vehicles had been produced, making it one of the most famous cars of the 20th century. The 58734 TAMIYA 1:10 scale model is based on the MB-01 M chassis. With this chassis, both the type of drive (front or rear engine) and the engine position (front, rear, low/high) can be freely selected. The drive is provided by a powerful 540 electric motor and the wheels have independent suspension. Required accessories: Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger, paint for polycarbonate body (TAMIYA PS-) 2WD kit model, MB-01 chassis, Elect. Drive controller, 540 electric motor, independent suspension, springleg front/rear, wheelbase adjustable in 3 positions, decal, instructions. ATTENTION! Before you start assembling the model, you should have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Caution! Not suitable for children under 14 years of age.
