from **26,17 EUR**

Item no.: 390428  
shipping weight: 0.50 kg  
Manufacturer: ITALERI

### Product Description

Item no.: 510103685 Item no.: 1:24 Lamborghini Diabolo The stand model is a replica of the Lamborghini Diabolo. The Diabolo was produced between 1990 and 2001. During this period, Lamborghini introduced various versions of the Diabolo concept, the first of which was the Diabolo VT (Visco Traction) with all-wheel drive. The Diabolo was to be the worthy heir to the famous Miura and Countach. This newsupercar was wide, low and futuristic. And just like its predecessors, the Diabolo soon became a favourite among car enthusiasts around the world. The Diabolo models helped build the Lamborghini legend and sold well. Almost 3,000 units of all series and variations found their buyers during these eleven years of evolution. The Lamborghini bosses had wished for a top speed of at least 320 km/h, and the engineers fulfilled this wish: With a top speed of 325 km/h and acceleration from 0 to 100 in 4.5 seconds, the Diabolo took pole position in the super sports car segment. It delivered its power via rear-wheel drive and came with a newly developed V12 engine. Four valves per cylinder, computer-controlled multi-point fuel injection and a displacement of 5.7 litres contributed to the achievement of a maximum of 492 hp. Kit, instructions, decor Product details- Detailed model kit on a scale of 1:24. The stand model has dimensions: Length: 18.6 cm- The high-quality kit from Italeri must be assembled by the customer.- The independent assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
