shipping weight: 1.00 kg
Manufacturer: TAMIYA

Product Description

Item no.: 300047484 Item no.: 1:10 RC Mercedes-Benz C11 1990 Gr.C 2WD TAMIYA presented the original kit of the Mercedes-Benz C11 in 1990 under the number 58088 and later as a re-edition in 2004 under 58351. Now this special model is available again in a limited edition! The kit is supplied with an unpainted body and includes an RS-540 engine. The chassis has a 2WD drive on the rear axle - similar to the former Formula chassis from TAMIYA. The chassis (Group C) has an ABS plastic tub and sponge rubber tyres. Required accessories: 2-channel remote control with steering servo, electronic speed controller, battery pack, charger for drive battery, transmitter batteries, TAMIYA PS paint for polycarbonate bodies 2WD kit model, instructions, 540 Sport-Tuned motor, unpainted polycarbonate body, oil pressure dampers hi., Hull chassis, ball diff., grippy foam rubber tyres, vintage model, instructions. Wheelbase 280 mm. ATTENTION! You should read and understand all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Attention! Not suitable for children under 14 years of age.
