from **123,22 EUR**

Item no.: 390531
shipping weight: 0.50 kg
Manufacturer: TAMIYA

Product Description

Item no.: 300047495 Designation: 1:10 RC Ford Focus RS Custom TT-02 Paint. The Ford Focus RS was introduced in 1998 as a high-performance rally orientated vehicle. In 2006, Ford Motor Team chief engineer Christian Loriaux had the vehicle optimised by having the seating position, roll cage, suspension, aerodynamics and engine revised. The 2 litre 4 cylinder turbo engine delivers 300PS and 550Nm. In seven years of factory use, Ford was able to win four constructors' titles with the RS. TAMIYA presents this model in the custom version, i.e. as a road version without sponsors. The proven TT-02 chassis serves as the basis for the 58724 TAMIYA model in 1:10 scale. The wheelbase, ground clearance, track and gear ratio can be adjusted in many ways and the chassis can be quickly tuned into a racer with the countless optional tuning parts. The 4WD drive with central shaft, double wishbones and suspension struts on all four wheels ensure a true-to-life driving experience and optimum traction. The underside of the chassis has an extra smooth design and the battery compartment accommodates all standard battery types. A visual highlight are the wheel drivers, which have attached dummy brake discs. Required accessories: Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger 4WD kit model, TT-02 chassis, electric speed controller, 540 gate. Electric speed controller, 540 torque-tuned motor, painted polycarbonate body with add-on parts, cardan drive, suspension struts, independent suspension, tread tyres, tub frame chassis, instructions. **ATTENTION!** Before you start assembling the model, you should have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. **Caution!** Not suitable for children under 14 years of age. Product details- 1/10 scale kit model- Entry-level TT-02 chassis - Extremely robust- Length: 427mm, width: 185mm, height: 145mm, wheelbase: 257mm- Encapsulated 4WD all-wheel drive- Prototypical, pre-painted 1.0mm polycarbonate body- ABS add-on parts: side mirrors and large rear wing- 16-spoke rims with 26mm tyres- independent front and rear suspension- electronic cruise control- many optional tuning parts available
