Product Description

The stand model is a replica of the US destroyer DD445 Fletcher. The US Fletcher was the lead ship of the destroyer class of the same name, of which up to 175 were built during the Second World War and which had a long and distinguished service career. The balanced shape of the ship as well as the 5-inch gun turrets, five torpedo launchers and two 20 mm anti-aircraft guns and a depth charge launcher made the Fletcher stand out. The TAMIYA model kit version impresses with its high accuracy of fit and attention to detail. Kit model, scale 1:350, Length 327 mm, width 35 mm. Instructions, decals. Product details:- Detailed model kit on a scale of 1:350- The high-quality kit from TAMIYA must be assembled independently.- The independent assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery.- The precisely fitting individual parts must be assembled on the basis of the assembly instructions. The parts can be painted according to your own ideas.- Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
