from **58,53 EUR**

Item no.: 390628
shipping weight: 0.80 kg
Manufacturer: TAMIYA

Product Description

The Bismarck, whose sister ship was the Tirpitz, was commissioned in August 1940. She went into service under the command of Captain Ernst Lindemann and was the largest and most powerful battleship at the time. She could reach a maximum speed of 30.1 knots (approx. 56km/h). Her armament consisted of eight 380 mm QFG L/47 twin guns, twelve 150 mm QFG L/55 twin guns, 16 105 mm L/65 A/A and 16 37 mm A/A and 12 20 mm A/A guns. She sank at the end of May during the Second World War after heavy fighting with units of the British Royal Navy together with most of her crew in the North Atlantic. Model kit, scale 1:350, length 717 mm, width 100 mm, display stand, instructions, decals. Product details:- Detailed model kit on a scale of 1:350- The high-quality kit from TAMIYA must be assembled by the builder.- The model is built using a self-assembly method. The self-assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery.- The precisely fitting individual parts must be assembled on the basis of the assembly instructions. The parts can be painted according to your own ideas.- Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
