Product Description

German artist Florian Mitgutsch, son of children's book author Ali Mitgutsch, developed a passion for drawing and painting at an early age. After working as a graffiti sprayer, comic artist and studying communication design, he now works as a freelance illustrator - and is increasingly enthusiastic about creating hidden object pictures! Discover the Mobile Zombies motif: aren't we all a bit of a smombie? Florian Mitgutsch has collected all kinds of possible and impossible situations that can happen. Hihi! - 1,000 pieces - Puzzle dimensions: 700 x 500mm Puzzle fun yesterday, today and tomorrow. Both our manufacturer and Athesia Kalenderverlag itself have been FSC-certified companies for several years now. Now it's time to take the next step: From the 2024 programme, HEYE puzzles will be gradually converted to plastic-free production. This will start with the new products, some of which are already completely free of plastic bags and shrink-wrapping. The only "art material" that will remain are the motifs themselves - still the finest, coolest, trendiest, most exciting, likeable, atmospheric, cosy, exclusive and definitely the best puzzle material!
