The film tells the story of Maurice, a large, talking cat who travels from town to town offering to solve the sudden rat problem with the help of Keith, a boy who can play the flute quite well, and a clan of talking rats. All goes well with their "rat con" until they reach the town of Bad Blintz, where they meet the book-obsessed girl Malizia, who takes them on an adventure to unravel the mystery of their town... After the film is before the memo! This memo shows 25 pairs of characters and objects from the film - who can find the most matching pairs? But watch out!
