Product Description

Can you help Hilde hang up the washing? Not really a problem, but beware: it's quite windy outside today and that makes the game an entertaining challenge for children! Throw the weather dice: if it's sunny, you're lucky and can hang up an item of laundry, but if it's stormy, you have to press the button and the rotary clothes dryer starts to spin. Hilde can just about hold on, but whoever's clothes fall off the line has to start hanging them up all over again! Whoever hangs up all the clothes in their colour first wins.-Rotating rotary dryer-Children's game of the year 2021 in the NetherlandsFamily game for ages 4 and upPlayers: 2-4 playersPlaying time: approx. 5 minutesAuthor/illustrator: MEGABLEUPackaging 85 x 267 x 267 mm
