Product Description

Rajas of the Ganges - Cards & Karma by HUCH! Item number: 883 568 EAN: 4 260071 883568 Author: Inka & Markus Brandt Illustrator: Dennis Lohausen The successful game principle of Rajas of the Ganges has been cleverly converted into a card game with a new look. Compete for the coveted double-sided cards, which show buildings, goods, ships or palace actions on one side and a coloured dice value on the other. Always keep an eye on your opponents' actions and plans during the game: What they would like to build could, on the other hand, be useful to you as a dice card. But is that really the best decision? Instead, could you acquire another building yourself and increase your fame? Provided you have the appropriate cubes in your hand as a resource ... Or would you rather turn goods into money? And pay attention to the 3: it plays a central role. Because if you have 3 cards of one type, you have to swap them for workers. Although these are versatile and useful, you don't always want to get rid of the cards (yet). Rajas of the Ganges - Cards & Karma offers an exciting decision every turn, because your turns are numbered: The first player to turn over all 6 target cards one by one through fame or money wins the game. - Compact, entertaining card version of the board game - Double-sided cards as a clever twist Number of players 2 - 4 Suitable for 12 - 99 years Playing time 30 - 45 minutes Packaging 200 x 200 x 47 mm
