Product Description

On a small island in Japan, you have to erect electricity pylons and connect the neighbourhoods together. The problem: there simply isn't enough space, so you have to build the electricity pylons higher and higher. What's more, the island is full of cats that cling to the power lines and are always in the way. But with a cool head and a steady hand, you will be successful - with or against your fellow players! - Innovative game of skill: can be played with or against each other - full of variants and different every time Number of players 1 - 5 people Suitable for 7 - 99 years Playing time 15 minutes Packaging 250 x 250 x 80 mm
