Product Description

Ticket to Mars - Card game, for 2-5 players, from 8 Years (DE Edition)

Save yourself on Mars if you may!

The earth is about to be destroyed! But rescue is in sight for a select few, because some megacorporations have invested billions of dollars to make it possible to survive on Mars and to send spaceships there. However, there are only a few places available and they are highly competitive! Will you be able to assemble the spaceship crews according to the ideas of your company? Fulfill your missions and save humanity ... or at least a small part of it ...

In Ticket to Mars, players hold the fate of humanity in their hands. At least from parts of humanity, because there is only limited space in the space ships of the megacorporations and each corporation has its own, secret plans. The players have to man the spaceships according to their secret mission cards and try to thwart the other players' plans. Ticket to Mars is a fast, fun and tactical hand management game for 2-5 occasional players, ages 8+, in which only the victorious player can secure a ticket for a spaceship himself.

Attention! Not suitable for children under 36 months. Legal minimum age: 8, legal maximum age: 99
