Product Description

Dixit Odyssey Dixit Odyssey takes you on a journey of discovery where you learn more about your fellow players ... and about yourself! In this hall of mirrors, every picture is a facet of a dream that transports you to a strangely familiar universe. Dixit Odyssey offers a very special gaming experience that brings players - young and old - closer to their own creativity. Let your imagination run wild and anything is possible! The family game Dixit Odyssey is a lovingly illustrated guessing game that challenges your imagination and thoughts. In each round, one of you takes on the role of the narrator. As the narrator, you earn points by giving the others a clue about one of your cards and getting them to guess it. However, your clue must not be too obvious, because if everyone guesses your card, you will not receive any points as the narrator. If you are not the narrator, you will receive points if you guess the narrator's card and lead the others on the wrong track with a card of your own. In Dixit Odyssey, you can give two hints. Use them wisely. Do you want to split them up to increase your chances or take a risk to get more points with just one card? The game ends as soon as one of you reaches 30 or more points. Whoever has the most points wins.
