Product Description

Exploding Kittens: Grab & Game Whether on the beach, at the next barbecue party, on a rubber dinghy or in the amusement park queue - Exploding Kittens : Grab & Game fits in every handbag and will be your ideal companion so that you don't have to miss out on Russian roulette with kittens instead of cartridges when you're on the go! Exploding Kittens: Grab & Game is your favourite explosive cat party game in pocket size, so you can take it with you wherever you go and love it. If you know Exploding Kittens and are a fan, you know how it works. But here it is again for everyone else: Exploding Kittens is a tactical version of Russian roulette - only with kittens instead of cartridges. The players draw cards in turn until one of them draws an Exploding Kitten. That player explodes immediately, dies and is eliminated - unless they have a card to defuse it. He can use it to calm the kitten, for example by using a laser pointer, catnip or by scratching its belly.
