### Product Description

With rotating cheese wheel! The amusing and entertaining children's game 'Easy Cheesy' is all about cheese and a small, snappy mouse. It hides in the middle of the tasty cheese wheel and defends its beloved snack with its teeth. Who will get the hang of it and be the first to secure three pieces of cheese and victory? The little mouse with the sharp teeth is first hidden in any hole in the round cheese wheel and covered with the "ouch ring". The same goes for the other five holes. There are four different tiles in total, each requiring a different action: from handing over cheese to passing a cheese wheel to any other person to winning cheese. Now there is a lot of spinning so that nobody knows where the cheeky little mouse is hiding. When it's your turn, put your finger in one of the six holes in the cheese wheel. With a bit of luck, a real slice of the yellow delicacy will be on your finger. You can keep it and insert a new disc from the general supply. At the end of your turn, give the cheese wheel a good twist and pass it on to the next person in the round. But don't get caught in the hole with the mouse: it snaps quickly and even takes back a piece of cheese: anyone who has already collected a slice must now give it back. The game continues in turn. Until one of the two to four children has collected three cheese discs. Easy cheesy, isn't it? - Age: from 4 years - Persons: 2-4 - Duration: approx. 10 minutes
