Product Description

Over 300 new words With Activity Splash, the game party can now continue on the beach or by the pool. The word cards are waterproof, extremely hard-wearing and packaged in a practical pocket format: ideal for travelling. All you need to play is a smartphone, which replaces the classic hourglass. The classic game for on the go is played as usual in teams of roughly the same size. The player whose turn it is names a number between 1 and 6 and grabs the top of the 55 robust term cards. The number given indicates which term is to be represented and in what way: Explain, pantomime, make noises or draw on the back of a team member. Is the term on the card written in red? Then everyone can join in the guessing, which makes things even more lively. If the term is guessed correctly within 60 seconds, the team can keep the card as a victory point. The Activity Splash fun ends after eight rounds. Whoever has the most cards in front of them wins. Activity Splash can also be played by three players thanks to the slightly modified rules. Each round is an open round and the "draw on your back" presentation type is not used. - Age: 12 years and up- Persons: 3-16- Duration: approx. 60 minutes- Waterproof
